

Leavers

Over 95% of Dollar Academy pupils choose to continue their education at Universities in the UK and around the world. A typical year would see a handful heading for Oxford and Cambridge, a small number choosing other English Universities, and the vast majority electing for Scottish Universities such as Edinburgh, Glasgow and St Andrews. Other destinations include Universities in the USA and mainland Europe. Popular subject choices are Medicine and Dentistry, Law, Accountancy, Economics and Business, but a wide range of subjects are selected. There are considerable fluctuations between year groups.

These results rank Dollar as one of the best performing schools in Scotland, with consistently high pass marks and presentation rates.

Leavers' Destinations 2017
