A Dollar Academy tracksuit is required for all pupils in the year groups Junior 1, Junior 2, Form I and Form II and for members of the Academy sports teams. This is to allow for the comfort and protection of pupils participating in outdoor activities and events throughout the year.

PREP SCHOOL SPORTSWEAR

SUMMER TERM: sports equipment is to be purchased as required.

ARTICLES REQUIRED BY BOARDERS

All articles must be machine washable, dye-fast, and able to be tumble-dried. All items must be prominently and indelibly marked in ink, or with woven name tapes; a supply of spare name tapes should be sent at the beginning of the year. As storage of a large amount of clothing may be difficult, pupils should limit their packing to what is necessary. Houseparents will be happy to advise on the extent of the facilities.

In addition to the standard clothing list for day pupils, boarders should bring:

- 1 large suitcase, & a smaller suitcase for holidays
- 1 school bag, rucksack or sports bag for books, equipment
- Sufficient underwear
- 2 pairs pyjamas/sleep-wear & 1 dressing gown & 1 pair slippers
- 1 hot water bottle (optional)
- Spare name tapes
- A toilet bag with all toilet requisites
- Alarm clock
- 1 duvet and 2 duvet covers
- 1 pair polyester cotton fitted single sheets & 2 polyester cotton pillow cases
- 2 bath towels & 1 sports towel

FORMAL / INFORMAL WEAR

Formal clothing is required for the social functions in First term, such as the Christmas dances; Seniors are likely to wear formal clothes on other occasions. Girls wear a variety of formal styles; boys may wear kilts, dinner suits, lounge suits or school uniform at such events, although it is unusual for uniform to be worn. Pupils can choose to wear their own smart casual clothing if they attend church on Sundays, although they must wear uniform if they are attending at whole school services.

Personal items: you may bring in items to personalise the room in which you will sleep, including books, photos, music, posters and other small items. Be aware that Houses have particular guidelines about music and posters, for example, however – there is a designated space in which to display posters, and “blu-tak” cannot be used on walls.

Each House has good facilities for computers, and each is linked to the Academy network. There is no need, therefore, for personal laptops to be specially purchased for boarders. There are wi-fi facilities provided through the school’s filtered network, and subject to timing controls. Any items of personal computing equipment that are brought into the House are also governed by the same rules concerning use as the school computers, and are covered by the IT agreement which is signed by all pupils and staff. You should be aware that DVDs and videos brought into the House must be of an appropriate nature, and that images stored on computer hard drives etc must be of an acceptable nature. IT equipment may be randomly checked by members of staff to ensure compliance.

You are reminded that the school does not insure your personal belongings, and so expensive items such as personal computers must be covered by your own or your family’s insurance policy.
